

# 60. Dating Tips from King Henry

*(Guy)*

1        OK guys, listen up! I don't know what's wrong with  
2 young guys today, but you've got it all wrong! You're more  
3 whipped than a horse on Derby day! Girls have got you  
4 wrapped tighter than caramel on an apple! You're being led  
5 around like you're on a leash!

6        Since when does a woman rule the relationship? It's  
7 high time you stepped up to the plate and put your foot  
8 down! Tell her who's in charge.

9        Not right off the bat, of course. That would be dating  
10 suicide. You're going to have to woo her a little. Buy her  
11 some flowers. Jewelry is good. Walk her to class. Carry her  
12 books. Truth is, you've got to treat her like a queen! Make  
13 her think you live to serve her.

14       But that's only step one, and that's where you morons  
15 seem to have gotten stuck! You can't keep up that kind of  
16 pace forever. You're making the real guys look bad.

17       Step two is to keep her guessing. You guys jump into  
18 this whole "I love you" thing way too fast. You go down that  
19 road, and you're stuck for good. You might as well have four  
20 flat tires, 'cause you aren't going anywhere ... and she  
21 knows it!

22       Lastly, if all else fails and you think she's getting away  
23 — let her go! You don't need her! You're too young to date  
24 anyway! Come on! You're only in middle school! You've got  
25 your whole lives to be tied down to a ball and chain!  
26 Otherwise, you'll end up like me, shouting, "Off with her  
27 head!"
