

March 3, 2010

Dear Parents and Guardians of Students in the Sewanhaka Central High School District:

As you know, this year to date our school district has closed three times as a result of inclement weather. Despite these missed days of instruction, our district calendar provides for the requisite number of instructional days.

As a result, no changes to our school calendar are necessary thus far. Needless to say, we hope that our schools will remain open as planned for the remainder of the school year. We furthermore ask that you remind your children that they will need to work together with their teachers to ensure that the work required in each class is completed, despite the days on which classes were not held.

Sincerely,

Warren A. Meierdiercks
Superintendent of Schools
